Washington, D.C. 20002

Dear John:

It was good hearing from your group again. Looking forward to joining Doug Garthoff, on 24 October, at your facility.

I am enclosing a copy of the upcoming ISA Washington area Regional meeting program and the program of the recently-held Section on Military Studies meeting. Hope you will be able to make the 18 October meeting.

Sincerely,

STATINTL

STATINTL

Dear [REDACTED]

Our fall academic program is underway and we are excited about our two month study unit on the SALT II agreements and related issues. Would it be possible to arrange a briefing by one of the Agency's Soviet specialists on Soviet military doctrine and strategic planning and/or Soviet views on the SALT process. Unfortunately, [REDACTED] is no longer in the area--we really enjoyed our classes with him. Would it be possible to arrange a briefing with someone of his caliber?

If possible, I would like to arrange a briefing for the forty students participating in our program for the afternoon of October 22 or (24). It will probably be easiest to hold the seminar in our own facility on Capitol Hill (see address above).

By the time the speaker addresses our students they will have had six weeks of concentrated work in this area so that the level of this presentation can be quite sophisticated.

Thank you for your assistance. I look forward to your response.

Sincerely,

J. Bernbaum
